2.18 Release

3/27/24 @ 7:00 PM (19:00) CDT

2.18 - The “Long... but yet Interesting” Update

After a very long wait time with component upgrades inside our offices, we were able to complete this update!

This update features a MDickie Projects overhaul, CodingHome CSS Basics update, and a ton of dependency updates!

View the changelog details on the next couple of slides. →
